October 5, 1960

Councilman Philip E. Gordon
60 Pacific Street
Newark, New Jersey

Dear Phil:

The Mayor's Commission on Group Relations, as coordinating agency for United Nations Celebrations wishes to express most sincere gratitude and commendation to you and the members of the City Council for appropriating \$2000 for Newark's 1960 U. N. observances.

We think you should know that your action is being heralded throughout this State and the Nation as a true example of progressive and humane city government. In fact Newark is fast developing a reputation as the Nation's most "World-Minded" City.

We hope you will be able to join with us on a "Day at United Nations Headquarters" which Dr. Kessler, Mrs. Arons and Mrs. Josephson are now arranging for us.

Cordially yours,

Daniel S. Anthony,
Executive Director
